Subject: RE: EC calls for new Z3 prelim data received today? And letters for Z2 since all data final?

Please let me know if you can make a return call to the home (listed below) that you called last week with the recent preliminary post-excavation lead data. The message is that they will receive a letter once we have final data in. In addition, we are not sure when the Open House will be rescheduled, but possibly in mid-January. The updated data is on the spreadsheet.

Please let me know if you cannot make the call, so I can re-assign. Thanks again.

Also, let me know if you have questions.

Subject: EC calls for new Z3 prelim data received today? And letters for Z2 since all data final?

Rita (and all) -

We received several sets of Zone 3 data today. Wondering if we can call those people with results? If so, can you assign to folks and let us know?

Also, are we ready to send letters to all the Zone 2 homes? I believe we have final pre and post excavation data for all homes in Zone 2. Do we need to push OPA and HQ to approve the letter format so we can get them out before Christmas?

Finally, is EPA going to issue a statement or press release to clarify some of the incorrect information in recent East Chicago articles?

Subject: EC Notifications to Begin on Friday

Pease start making calls this morning and recording it on the spreadsheet. The call list was sent out yesterday. Please remember to include the homes where you are designated as a backup for Alex and Andrew. Let me know if you have questions.

Attached is the approved script and the draft Q&A's for reference.

Subject: Notifications to Begin on Friday

Rita:

Please have the team begin the notification process as early as possible (i.e. 8:00) on Friday morning using the materials I circulated to everyone this evening.

Thanks.

Chris

Subject: Re: Revised Draft Script and FAQs

Hello All:

Thanks again for all your comments and suggestions. In light of this evening's public letter from Mayor Copeland regarding the drinking water issue, EPA believes it is imperative that we go forward with the notification to the homeowners as soon as possible. Consequently, EPA will be reaching out to residents beginning tomorrow (Friday) morning using the materials I circulated earlier this evening.

Thanks again,

Chris

Subject: Revised Draft Script and FAQs

Hello IDEM and East Chicago Colleagues:

In accordance with our discussion earlier today, I am attaching for your review:

1. A revised draft script. If you review it in "all mark-up" format, you will see that I have tried to show EC's and IDEM's proposed revisions and how EPA responded to them.

2. A revised draft FAQ. Anne and her team developed two versions. The first document is our attempt to reconcile all comments. Many revisions have been incorporated; but not all suggestions were accepted. The second document shows the marked-up version of Region 5's original draft with comments from the city and IDEM.

We appreciate your getting your written proposals and comments to us earlier today, and we look forward to your comments on these latest drafts.

Finally, please note that we may be getting some additional comments from our national program office.

Thanks.

Chris
